Long Term Planning Overview 2024/2025

Please insert the NC or framework objectives which you plan to teach for the term. Please blank out any aspects not part of the topic.

Year: 2

Term: 4 and 5

Teacher: Mrs McGowan

Topic title: The Circle of Life

MAIN DRIVER:	TOPIC DESCRIPTION:
Science	Learning about and observing the life cycles of plants and animals, including humans.
SUBJECT	NATIONAL CURRICULUM/Framework OBJECTIVES
Geography NC	
History NC	
Science NC	Plants: observe and describe how seeds and bulbs grow into mature plants find out and describe how plants need water, light and a suitable temperature to grow and stay healthy Living things and their habitats: Explore and compare the differences between things that are living, dead, and things that have never been alive. Identify that most living things live in habitats to which they are suited and describe how different habitats provide for the basic needs of different kinds of animals and how they depend on each other. Identify and name a variety of animals in their habitats, including micro-habitats. Describe how animals obtain their food from plants and other animals, using the idea of a simple food chain, and identify and name different sources of food. Animals, including humans: Notice that animals, including humans, have offspring which grow into adults. Find out about and describe the basic needs of animals, including humans, for survival (water, food and air). Describe the importance for humans of exercise, eating the right amounts of different types of food, and hygiene.
