MAIN DRIVER:	TOPIC DESCRIPTION: History will be the main driver in this topic. <u>Changes in Britain from the Stone Age to the Iron Age (History Focus)</u> We will be exploring the Stone Age, Bronze Age and Iron Age periods. We will look at what made these periods in history special exploring the discoveries and inventions. We will look at what cave men were really like and discover what it would have been like to live in those times. We will examine the types of homes people used to live in, what they ate and how they farmed. We will also learn why historical artefacts are important and how we can use them to help us discover information about the past.
