Knowledge:

The Anglo-Saxons took over Britain after the Romans.	
Augustine was sent from Rome to England to bring Christianity to The Anglo-Saxons. England became a Christian country.	
The Vikings (also known as Norsemen) came from three countries of Scandinavia: Denmark, Sweden and Norway.	
The name Viking means a pirate raid. People who went off raiding in ships were said to be "going Viking". Vikings travelled the season longboats raiding lands.	
The Viking Age in Britain began around 1200 years ago and lasted for just over 200 years.	
Around AD 790, Vikings first started to raid Britain. They started out as short trips to steal treasure and take slaves.	
In time, the Vikings made their home in Britain and took it for themselves.	
The Saxon King, King Alfred of Wessex, fought them in a great battle but couldn't stop them at first, so he had to let them have part of the country in a treaty known as Danelaw.	
KING ALFRED THE GREAT (AD 849-899) Alfred did a lot of great things for England including defeating the Vikings in several battles and keeping part of England under the Anglo-Saxon rule.	
KING CANUTE (AD 995- 1035) Viking King of England and Norway.

Values & attitudes we can always show in this project:

Top takeaways

1. The word Viking means raider (and they certainly did a lot of that!) but they were also traders and settlers, especially later in the period
2. They attacked England from Scandinavia carrying out raids on monasteries which is why the monks criticised them so much
3. For many years They fought hard against the Saxons for control of England but were stopped by Alfred. They then settled in the East with some becoming kings of England at the end of the Saxon period
4. They were highly skilled shipbuilders, taking them vast distances across dangerous seas
5. They did not worship a single god but made offerings to a large number such as Odin (Wednesday named after him) Thor (Thursday) and Freya (Friday)
